

# Pantry Sponsorship Program

## Imagine...

helping the Interchurch Food Pantry fulfill its mission of ending hunger in Johnson County. With your help, we can.

### ♥ What is the Pantry Sponsorship Program?

The Pantry Sponsorship Program allows churches, businesses, organizations and individuals to take ownership for a designated period each year to financially support the Pantry. The sponsorship may be for a half day, a full day, a week or maybe an entire month to supply food for the hungry. The donation may be obtained through a monetary donation campaign among the members, employees, customers, etc. or it may be a flat donation by one individual or organization.

### ♥ Can I also donate food?

Food donations, as well as other needed household items, are always welcome! If you choose to collect these items, we will provide you a list of “most needed” items and crates or tubs to assist in your collection. You will then deliver these items to the Pantry prior to your sponsorship period.

### ♥ What are the different sponsorship levels?

\$12,800	Month Sponsor
\$3,200	Week Sponsor
\$535	Day Sponsor
\$267	Half-Day Sponsor
\$100	Friend of the Pantry

### ♥ What recognition do sponsors receive?

Sponsors donating \$100 or more are recognized on our Facebook page and website. Sponsors donating \$267 or

more receive additional recognition, depending on level of donation. Please refer to our Sponsorship Recognition flier for more information.

### ♥ Why does the Pantry focus on monetary donations?

**Simplicity.** Many organizations and individuals have expressed an interest in simplifying their donation process. They are happy to support our mission, but prefer the ease of writing a check over coordinating the logistics needed to collect, transport and deliver food and hygiene items.

**Efficiency.** Monetary donations allow us to purchase food that's more physically manageable. Donated food comes in all shapes and sizes and requires our volunteers to spend more time sorting and repackaging. We appreciate any opportunity to streamline this process.

**Savings.** Donated dollars stretch farther. We're able to get more food for the money when we buy in bulk and leverage our relationships with other food bank partners. We can feed more people for less money when we receive monetary donations.
